Welcome to the 2013 OnGuard safety eyewear program.

In the world of prescription safety eyewear, no brand offers more ways to protect a worker’s vision than OnGuard. With more than 100 styles in 7 materials from which to choose, there’s an optimum OnGuard prescription safety frame to fit every worker and every budget.

See what’s new in our Leader® Collection for 2013

Cool, sporty styles with unsurpassed comfort - that’s what workers can expect from the Leader collection. Lightweight, non-conductive styles feature integrated side shields for superior protection in virtually any work environment. New this year is our OG 220FS (full seal) design for even better protection against airborne particulates. Our 500 Series stainless steel styles feature integrated spring hinges, co-molded temples, and our patented EZ shield side shields. The Leader Collection - it just gets better.

Wears like a pair of glasses, protects like a goggle
